

June 2, 2025

Dear N. M. Bartlett;

This letter is to certify that DECCO US Postharvest EPA registered products are safe to use in agricultural packing operations as long as the label specifications are followed as approved by the United States EPA. DECCO US Postharvest is confident that our products are being supplied to customers without being adulterated or contaminated during the manufacturing process.

We guarantee that all product batches meet the specifications claimed in the product label and Technical Data Sheet.
