SAFETY DATA SHEET

according to Hazardous Products Regulations (HPR)

Page 1/10

Rodent Bait

	Revision date 2021-08-03
SECTION 1: Identification of	f the substance/mixture and of the company/undertaking
1.1. Product identifier	
Product name	Rodent Bait
Product code	115163
Registration No.	16122 PCP Act.
1.2. Relevant identified uses of	the substance or mixture and uses advised against
Description	Rodenticide. Only to be used by certified pest control operators, farmers, and persons authorized in government-approved pest control programs.
1.3. Details of the supplier of the	e safety data sheet
Company	Neogen Corporation
Address	620 Lesher Place
	Lansing MI 48912
Web	USA
	www.neogen.com 517-372-9200/800-234-5333
Telephone Email	
	SDS@neogen.com
1.4. Emergency telephone num	T.
	24 hours:
	Medical: 1-800-498-5743 (U.S. and Canada) or 1-651-523-0318 (international) Spill/CHEMTREC: 1-800-424-9300 (U.S. and Canada) or 1-703-527-3887 (international)
Further information	Opin/ 01 - 1 - 1 - 1 - 1 - 1 - 1 - 1 - 1 - 1
	Manufactured By:.
	HACCO, Inc.
	110 Hopkins Dr.
	Randolph, WI 53956-1316 U.S.A.
	HACCO, Inc. is a wholly-owned subsidiary of Neogen Corporation.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

EC 1272/2008

Chemical Name	Index No.	CAS No.	EC No.	REACH Registration Number	Conc. (%w/w)	Classification
Zinc phosphide		1314-84-7	215-244-5		2.0%	Water-react. 1: H260; Acute Tox. 3: H301; Aquatic Acute 1: H400; Aquatic Chronic 1: H410;

Description

Concentrations listed may not represent exact product specifications.

Further information

Full text of Hazard Statements listed in this Section is provided in Section 16.

SECTION 4: First aid measures

4.1. Description of first aid measures

Inhalation	Move the exposed person to fresh air. If breathing is difficult give oxygen. If breathing stops, give artificial respiration using a bag-valve-mask device to prevent possible secondary exposure to phosphine gas to the first aid responder. Do not give mouth-to-mouth resuscitation. Call a poison control center or doctor for further treatment advice.
Eye contact	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.
Skin contact	Remove contaminated clothing. Allow contaminated clothing to aerate in a well-ventilated area prior to laundering. Do not leave contaminated clothing in occupied and/or confined areas such as

	Revision date 2021-00-0
4.1. Description of first aid n	neasures
	automobiles, vans, motel rooms, etc. Wash with soap and water. Call a poison control center or doctor for further treatment advice.
Ingestion	Call a poison control center or doctor for treatment advice. DO NOT DRINK WATER. Do not give any liquid to the patient. Do not induce vomiting unless told to do so by the poison control center or doctor. Never give anything by mouth to an unconscious person.
4.2. Most important sympton	ns and effects, both acute and delayed
Inhalation	May cause irritation to respiratory system.
Eye contact	May cause irritation to eyes.
Skin contact	May cause irritation to skin.
Ingestion	It is likely that exposure to this material will lead to spontaneous vomiting.
	diate medical attention and special treatment needed
4.5. Indication of any infined	
	Remove the affected person from the source of contamination immediately. Transfer to hospital if there are burns or symptoms of poisoning. Seek medical attention if irritation or symptoms persist. If medical advice is needed, have product container or label at hand.
Further information	
SECTION 5: Firefighting 5.1. Extinguishing media 5.2. Special hazards arising	FIRST AID RESPONDER PROTECTION Phosphine gas is a highly toxic systemic poison and a severe respiratory tract irritant. Persons exposed to solid phosphides, which react with moisture to produce phosphine gas, can pose risks to others if phosphides are on clothes, skin, or hair. First aid responders should protect themselves through the use of appropriate personal protective equipment before attempting to rescue or care for a person who has been exposed to phosphine-releasing product, and/or if entering a zone with potentially unsafe phosphine levels. A NIOSH/MSHA/BHSE-approved organic vapour-removing cartridge with a NIOSH-approved particulate-filter respirator approved for pesticides or NIOSH/MSHA approved self-contained breathing apparatus (SCBA) operated in a positive pressure mode is recommended in response situations that involve exposure to unknown to unknown levels of phosphine. HAVE LABEL WITH YOU WHEN OBTAINING TREATMENT ADVICE. Follow label instructions. The substance or mixture Combustible dusts: May form combustible dust concentrations in air.
	Combustible dusts: May form combustible dust concentrations in air. Contains material(s) which may release flammable gas in contact with water. Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment. Do not allow undiluted product to be released to ground water, water course or sewage system.
5.3. Advice for firefighters	
	Do not breathe dust or vapour. Wear self-contained breathing apparatus and chemical-protective clothing.
SECTION 6: Accidental	release measures
6.1. Personal precautions, p	protective equipment and emergency procedures
	In the case of cleanup following a spill, wear protective clothing and appropriate equipment to prevent exposure of skin and eyes and to prevent ingestion or inhalation. Do not breathe dust. Ensure adequate ventilation of the working area. Avoid prolonged or repeated exposure.
6.2. Environmental precaution	ons

Revision Revision date 2021-08-03

	TOVIOLIT GALO 2021 00 0
6.2. Environmental precautions	
	Prevent further spillage if safe. Clean area thoroughly with detergent. Do not flush into surface water. Do not let product contaminate subsoil.
6.3. Methods and material for co	ntainment and cleaning up
	Sweep up. Clean area thoroughly with detergent. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not empty into drains; dispose of this material and its container in a safe way. Dispose of in compliance with all label instructions.
6.4. Reference to other sections	
	See Section(s) 2, 8, and 13 for further information.
SECTION 7: Handling and s	torage
7.1. Precautions for safe handlir	ng
	Adopt best Manual Handling considerations when handling, carrying and dispensing. All handlers (including applicators) must wear long-sleeved shirt and long pants, and shoes plus socks. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. Do not contaminate water by cleaning of equipment or disposal of wastes. Read the entire label and follow all use directions, restrictions, and precautions.
7.2. Conditions for safe storage,	including any incompatibilities
	Do not contaminate water, food, or feed by storage or disposal. Store in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals. Follow label instructions.
7.3. Specific end use(s)	·
	See Section(s) 1.2 for further information.
Further information	
	Refer to product label and/or package insert for additional information. Follow label instructions.
SECTION 8: Exposure contr	ols/personal protection
8.1. Control parameters	
o. i. Control paramotors	No occupational exposure limits known.
8.2. Exposure controls	1 No occupational exposure limits known.
O.Z. Exposure controls	
8.2.1. Appropriate engineering controls	Ensure adequate ventilation of the working area.
8.2.2. Individual protection measures	All handlers (including applicators) must wear long-sleeved shirt and long pants, and shoes plus socks. Follow label instructions.

Eye / face protection

Use as appropriate: Eye protection.

Skin protection -Handprotection

Wear: Chemical resistant gloves. Wash the outside of gloves before removing them. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Skin protection - Other

Wear: Long-sleeved shirt and long pants. Allow contaminated clothing to aerate in a well-ventilated area prior to laundering. Do not leave contaminated clothing in occupied and/or

Revision 1
Revision date 2021-08-03

8.2. Exposure controls	
	confined areas such as automobiles, vans, motel rooms, etc. Wash contaminated clothing, separately from other laundry, with detergent and water before reuse.
Respiratory protection	In case of insufficient ventilation, wear suitable respiratory equipment.
Occupational exposure controls	Any person who retrieves carcasses or unused bait following application of this product must wear. Exposure above the recommended occupational exposure limit (OEL) may cause adverse health effects. Protect clothing from contact with the product. Provide chemical shower. Provide eye wash station.
Further information	
	Refer to product label for additional PPE requirements and recommendations. Follow label instructions.

Disposal methods			
	Do not contaminate water by cleaning of equipment or disposal of wastes. Do not flush into surface water. Dispose of in compliance with all local and national regulations.		
Disposal of packaging			
	Nonrefillable container. Do not reuse or refill this container. If empty: Do not reuse this container. Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.		
Further information			
	Refer to product label and/or package insert for additional information. Follow label instructions.		
SECTION 14: Transport info	rmation		
14.1. UN number			
	The product is not classified as dangerous for carriage.		
14.2. UN proper shipping name			
	The product is not classified as dangerous for carriage.		
14.3. Transport hazard class(es)			
	The product is not classified as dangerous for carriage.		
14.4. Packing group			
	The product is not classified as dangerous for carriage.		
14.5. Environmental hazards			
	The product is not classified as dangerous for carriage.		
14.6. Special precautions for use	er .		
	The product is not classified as dangerous for carriage.		
14.7. Transport in bulk according	g to Annex II of MARPOL 73/78 and the IBC Code		
	The product is not classified as dangerous for carriage.		
SECTION 15: Regulatory inf	ormation		
15.1. Safety, health and environ	mental regulations/legislation specific for the substance or mixture		
Regulations	WHMIS 2015 requirements as specified in the Hazardous Products Act (HPA) and the Hazardous Products Regulations (HPR).		
	Domestic/Non-Domestic Substances Lists (DSL/NDSL): All ingredients listed or exempt., No restrictions. Toxic Substances Control Act (TSCA): All ingredients listed or exempt. Massachusetts Right-to-Know Hazardous Substance List: Zinc phosphide, CAS No. 1314-84-7. New Jersey Worker and Community Right to Know Act: Zinc phosphide, CAS No. 1314-84-7. Pennsylvania Right to Know Law: Zinc phosphide, CAS No. 1314-84-7. Rhode Island Right-to-Know General Law: This material contains no reportable components. California Proposition 65: This material contains no reportable components.		
Further information			
Additional Regulating Authority:	This chemical is a pesticide product registered by the Pest Management Regulatory Agency (PMRA) responsible for pesticide regulation in Canada and is subject to certain labeling under the authority of the Pest Control Products Act, Health Canada. These requirements differ from the classification criteria and hazard information required for safety data sheets(SDS), and for

workplace labels for non-pesticide chemicals. The hazard information in accordance to PMRA is listed on the product label and also includes other improtant information, including directions for use.

Signal Word

Label Precautions

WARNING. POISON.

Only to be used by certified pest control operators, farmers, and persons authorized in government-approved pest control programs.

Read label before use.

KEEP OUT OF REACH OF CHILDREN, PETS, AND LIVESTOCK.

Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Wash contaminated clothing, separately from other laundry, with detergent and water before reuse. Users should remove clothing immediately if pesticide gets inside. Chemical-resistant gloves must be worn when handling product and when disposing of dead rodents, unconsumed bait, and empty containers.

May be fatal if swallowed. Avoid contact with skin or clothing. Do not breathe dust or vapour. Do not contaminate food or feed products by direct contact with pesticide.

SECTION 16: Other information

Other information

Other information	
Revision	This document differs from the previous version in the following areas:.
	9 - 9.1. Information on basic physical and chemical properties (Flash point).
Acronyms	ADR/RID: European Agreements Concerning the International Carriage of Dangerous Goods by
	Rail (RID) and by Road (ADR).
	CAS No.: Chemical Abstracts Service.
