

Oligo[®] Fe

2.0

GUARANTEED MINIMUM ANALYSIS: Total Nitrogen (N) 2%, Iron (Actual Fe) 5%

GENERAL INFORMATION

OLIGO[®] Fe 2.0 5% Iron is a foliar nutrient solution. This product can be applied to all crops. Applications of this product must be based on leaf or soil analysis, deficiency symptoms or plant requirements.

Shake well before pouring into sprayer.

NOTE

OLIGO[®] Fe 2.0 is recommended for use as a supplement to a complete fertilizer program that is adapted to the fertility level of the soil.

Consult your agricultural representative for advice in selecting treatments from this label that best fit local conditions.

FOLIAR TREATMENTS

For best results, treat early in the season. Treat the crop when actively growing, early in the morning, late in the day or during overcast periods. Use a minimum of 200L/ha of water in cash crops and a minimum of 300 L/ha of water for horticultural crops. If the spray solution is too concentrated, slight injury to the leaves may occur.

Christmas trees

Treat as soon as deficiencies appear, if no leaf or soil analysis are available, apply 5L/ha in enough water to provide good coverage. Repeat if deficiency is still showing.

Field crops

Treat with recommended rates before the crop has reached a third of its growth.

Fruit trees, small fruit and blueberries

Treat as soon as deficiencies appear, if no leaf or soil analysis are available, apply 2.5L/ha in enough water to provide good coverage. Repeat if deficiency is still showing.

Lawn and turf

Make 1 to 4 treatments per season with this product at the rate of 0.10 litre per 100 m².

Vegetables

If leaf or soil analysis are not available, apply 2.5L/ha as soon as deficiencies are noticed or before the crop has reached a third of its growth and repeat if deficiency is still showing.

For horticultural crops, use at a maximum concentration of 2% of the solution.
(ex application of 2.5L/ha should be applied with a minimum of 125L of water/ha).

STORAGE

This product must be kept above 0°C.

NOTICE

Seller warrants that the product consists of the ingredient specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use.
